Visit The STEAM FAIR  
March 22nd! 5:00-7:00 pm

STEAM stands for Science, Technology, Engineering, Arts, and Mathematics. The students at Pleasant Hill were given the opportunity to create a STEAM project. A STEAM project might look like a science fair project, an invention, a video, a performance, a demonstration of knowledge/skills, or anything else you can think of. These projects will be presented by the students at the 4th Annual STEAM Fair. PTA will also have dinner available and also joining us are community partners that exemplify STEAM. There is sure to be something for everyone!
